1) **1860 E. 17th Street, Tulsa, OK 74104 (Yorktown)**
   Request: Propose amendment to 10-14-2004 COA of New Construction increasing square footage from 1,792 to 1,806; and review proposed setback.
   COA Subcommittee Complete Application Date: May 10, 2005
   **ROB BAUMGARTEN - DENIED**

Mr. Fox presented Mr. Baumgarten’s Certificate of Appropriateness application to the commission. Photographs and drawings were available for review and a slide presentation was shown of the historic home in the Yorktown district.

Mr. Fox stated that Mr. Baumgarten would like to request amending an existing COA for New Construction that was approved by the commission on October 14, 2004. He stated that Mr. Baumgarten plans to increase the square footage of the structure from 1,792 to 1,806; and request that the commission review the proposed setback.

COA Subcommittee Chairman Turner stated that the COA Subcommittee recommended by a unanimous vote at the May 10, 2005 meeting to deny Mr. Baumgarten’s application. The Subcommittee’s decision was based on the
appropriate design guidelines under New Residential Construction for the Yorktown Historic District.

Photographs presented at the 10-14-2004 TPC meeting from the applicant’s COA illustrated the positions of the adjacent structure to the proposed new construction. The measurements were provided by the applicant. It was determined during the May 10, 2005 COA Subcommittee meeting that those measurements were inaccurate, per new site plan drawings submitted by Mr. Baumgarten, thus causing the discrepancy in setback. The new construction sets over 17 feet and 6 inches in front of the house to its east; and 18 feet in front of the house to its west.

Mr. Baumgarten took full responsibility for the inaccurate information pertaining to the setback which was submitted to the COA Subcommittee last year on 10-12-2004; and forwarded to the TPC on 10-14-2004. Mr. Baumgarten stated that he wasn’t planning on taking this issue before the Tulsa Metropolitan Area Planning Commission (TMAPC) at this time. He plans to make revisions first of the drawings and submit them to the COA Subcommittee and then forwarded to the TPC for review and approval.

The commission members explained to Mr. Baumgarten that his proposal to increase the square footage of the structure was not the problem; that the only problem was the discrepancy in the setback.

After careful consideration of the information and materials presented to the commission to make a final determination, Vice-Chairman Turner (of the TPC) made a motion to support the COA Subcommittee’s recommendation to **DENY Mr. Baumgarten’s application.** Mr. Gilmore seconded.

**Roll Call Vote to Deny Mr. Baumgarten’s application:**
Chair Townsend – Aye; 
Vice-Chair Turner – Aye; 
Elizabeth deVerges – Aye; 
Herb Fritz – Aye; 
Charles Gilmore – Aye; 
Jack Hodgson – Aye; 
Rex Ball – Aye; 
Michael Birkes – Aye; 
Barbara Smallwood – Aye; & 
John Hamill - Aye. The motion was **Approved Unanimously to Deny.**

*The Tulsa Preservation Commission “Denied Mr. Baumgarten’s proposal” based on Section VIIIIC, under New Residential Construction for the Yorktown Historic District.*
