Chair Townsend announced that the commission was in the process of losing its quorum very soon; and that she would like to review all the agenda items, if possible.

**VI. NEW BUSINESS**

absences indicating that in cases of illness or conditions beyond the control of the individual member that these reasons are the only exceptions. She stated that Mr. Ball has asked to be excused from the meeting due to his surgery. Before the vote took place, the commission further discussed this issue. One of the commissioners read more information regarding excused absences from the Rules & Regulations Policy. Part of this section of this policy further states that according to the guidelines that such formal excusal for absences may only be approved for those absences in excess of four (4) during a particular calendar year. Mr. Fritz hasn’t missed four (4) regular/special meetings during this calendar year of 2005.

Chair Townsend stated that technically according to the policy that the commission should not consider voting on an absence request from Mr. Fritz until it becomes Mr. Fritz’s fifth (5th) absence – then it’s moot. Chair Townsend stated that Mr. Fritz will only be noted as an “absence” for today’s meeting of November 10, 2005. The motion and the second (2nd) that was made to this motion failed due to the commissioners not following through with a vote.

The Policy Statement draft was distributed to those in attendance. He stated that one of the Tulsa Preservation Commission’s duties as defined by its ordinance is to facilitate the placement of National Register Plaques. He stated that the Maple Ridge Neighborhood Association is in the process of purchasing a number of plaques to be placed on homes in the North Maple Ridge Historic District, and that he and Ms. DeCort have worked with the legal staff to create an appropriate policy statement. V-Chairman Turner stated that the formalized policy statement will be appended to the Rules and Regulations and will not affect the design guidelines.

V-Chairman Turner stated that they would like to have a maximum size requirement of the plaques. He stated that if the homeowner would like to have a plaque larger than 10”x12” then the applicant would have to come before the COA Subcommittee and Tulsa Preservation Commission for review and approval. V-Chairman Turner stated that homes contributing to a National Register Historic District are not automatically listed individually on the National Register of Historic Places; therefore, there are two versions of suggested wording. The first version is for individually listed buildings, and the second for buildings lying within the Historic District.
