A. Historic Preservation Committee

   i. Announcement of Conflict of Interest
Chairperson O’Neal asked the Commission if anyone had a conflict of interest with any of the Certificate of Appropriateness (COA) requests that have been brought before the Commission today. No one had a conflict of interest with any of the proposals.

ii. Applications for Certificate of Appropriateness

Chairperson O’Neal briefly informed the COA applicants of how their proposals would be reviewed by the Tulsa Preservation Commission for a final determination.

1. 1608 S. Detroit Avenue (North Maple Ridge) NMR
    Applicant: Tim Walterbach
    Request: Remove stone retaining wall along half of the front property line and replace with grass berm.
    COA Subcommittee Complete Application Date: 12-09-2008

    **APPROVAL - WITH NO CONDITIONS**

    Mr. Sharrer presented Tim Walterbach’s Certificate of Appropriateness application to the Commission for a final review. Photographs and drawings were available for review and a slide presentation was shown of the structure in the North Maple Ridge District.

    Mr. Sharrer stated that Mr. Walterbach plans to remove the stone retaining wall along half of the front property line of the structure and replace it with grass berm.

    Mr. Sharrer read the appropriate design guidelines for this proposal under *New Construction for the North Maple Ridge District*.

    Chairperson O’Neal asked Mr. Walterbach if he had anything to add to Mr. Sharrer’s presentation on his proposal. Mr. Walterbach stated that he believes he has bent over backwards to abide by the rules and regulations and to meet the guidelines on his project; and that he requests to have the retaining wall removed and replace it with grass berm.

    Commissioner King stated that he believes the only thing left of historic character on this site is the retaining wall. Commissioner Sober stated that he thought at the last COA Subcommittee review that the applicant had decided to keep the retaining wall
regarding to this proposal. Commissioner Sober stated that he believes the applicant should get a letter from the neighborhood supporting him to remove the fence. Commissioner Sober is referring to a few Maple Ridge neighborhood residents that attended the COA Subcommittee meeting earlier this week opposing the project. Ms. Connie Desai, a former North Maple Ridge COA Neighborhood Representative, and other residents from the district attended the earlier meeting to oppose another COA project. Ms. Desai was not in attendance at the present meeting.

The COA Subcommittee received a letter from Cherie Cook of Maple Ridge, Coalition of Historic Neighborhoods (COHN) stating that as a member of COHN she must oppose Mr. Walterbach’s request. Her letter states that she believes that the stone retaining wall is part of the historic character of this block.

TPC Legal Advisor Kurt Ackermann stated that the Commission can take into consideration what the neighborhood would prefer but the final decision should be made according to the guidelines from the City Ordinance.

Commissioner Gilmore stated that he believes that the retaining wall doesn’t have any real historic significance; and that it is appropriate for the applicant to request to have the wall removed.

Commissioner Cantrell brought to the commission’s attention that Cherie Cook was not representing the North Maple Ridge Neighborhood and is not President of the North Maple Ridge Association; that Ms. Cook is giving her opinion as a member of COHN.

Chairperson O’Neal asked Vice-Chair Smallwood to please give her report of the recommendation from the COA Subcommittee.

Vice-Chair Smallwood stated that the COA Subcommittee considered Tim Walterbach’s application to be complete after his proposal was reviewed at the December 9, 2008 meeting. She stated that the COA Subcommittee recommended by a unanimous vote to Deny Mr. Walterbach’s proposal for New Construction in North Maple Ridge based on not meeting the appropriate guidelines.

Vice-Chair Smallwood made a motion to Deny Mr. Walterbach’s application for New Construction as recommended by the COA Subcommittee. The motion was seconded by Commissioner King; but the motion failed to Deny Mr. Walterbach’s proposal.
After the Commission further discussed this application in more detail, another motion was made by Commissioner Townsend to Approve Mr. Walterbach’s application with no conditions based on the applicant meeting the appropriate design guidelines.

Chairperson O’Neal asked Ms. DeCort to inform the Commission about the CLG Budget.
Ms. DeCort reported that a request had been made to amend the CLG Contract with the State Historic Preservation Office (SHPO). The amendment would allow the TPC to retain a consultant to complete Phase 3 of the Preservation Strategic Plan. Rather than retaining Frank Gilbert directly, the TPC would send out a Request for Proposals to a number of candidates. If the TPC chose to go forward with this amendment, the Annual Retreat would probably be delayed by a month or two.
